Certified Excavator Program: On Monday, November 5, 2018, Governor Cuomo signed Senate Bill S.6756 and Assembly Bill 9985, requiring excavators that work for a local government and their hired contractors, as well as excavators that work for an operator and their hired contractors, to receive training and education from their local one-call center.

Impacted excavators have until Saturday, May 4, 2019, to receive this training to comply with the amendment to 16 NYCRR Part 753. Dig Safely New York's Certified Excavator Program in Safe Digging Best Practices qualifies as an educational opportunity that fulfills this law.

Cortland Soil and Water is offering this opportunity at the Grange Headquarters. Space for this class is limited. The cost for this class is \$25.00. Pre-registration is required and can be done on the following page and mailed back to our office with payment. Attendees for this session will **also need to create an account and have a username and password**. This can be done at the website listed below. For more information or if you have questions please call 607-756-5991.
